

Morel Mushroom Hunting Hints & Secrets (Morel Mushroom Madness & Mayhem)

A Laymans Guide to Improved Morel Mushroom Hunting and Harvesting Techniques, while preserving wild morels for future generations by practical and practicable conservation methods. Learn how to increase your harvest, when the prime time to hunt is, and what tell-tale signs to look in nature that tell you where to look. All the secrets from a fifty+ year veteran told in a humorous narrative that you are bound to enjoy, learn from immensely, and spread the word about what a dynamic e-book this is. Learn how to hunt wisely and harvest responsibly by proven methods based upon common sense. You will reap the benefits from over fifteen years of compiling temperature and weather data and its direct effect upon morel mushroom reproduction. Come to understand how spring leads to the production of these delicious, yet elusive, fruits of mother nature. Become a gardener on your own land or travel to other areas to see what makes the pop. Follow along now on a journey through mushroom paradise, and enjoy the bounty that is your for the taking, even while hunting in public hunting areas. Several of the morel mushroom festival volunteers/sponsors have told me after I presented a lecture that the audience was leaning upon every word I was saying. I am sure that you will be surprised at the simplicity of the common sense tactics for increasing the amount of mushrooms you will find after reading this e-book. Thank You all for caring enough about morels to put in practice what you learn so that morels may be enjoyed by your children and your childrens children, etc.
