

Many Lives, Many Masters: The True Story of a Prominent Psychiatrist, His Young Patient, and the Past-Life Therapy That Changed Both Their Lives [Japanese Edition]

As a traditional psychotherapist, Dr. Brian Weiss was astonished and skeptical when one of his patients began recalling past-life traumas that seemed to hold the key to her recurring nightmares and anxiety attacks. His skepticism was eroded, however, when she began to channel messages from the space between lives, which contained remarkable revelations about Dr. Weiss family and his dead son. Using past-life therapy, he was able to cure the patient and embark on a new, more meaningful phase of his own career.
