Learn The Steps You Need To Take To Give The Best Life To Your Orchids And Cultivate Them Like An Expert! NEW EDITION, JULY 2016 This is what the Orchids Care Bundle is all about. The first book aims to familiarize you with different aspects of the orchid plant before getting started. The aim of this endeavor is to help beginners realize that growing orchids is like having a pet. If you pay attention to them they will repay you with lovely blooms. If you wish to grow this spectacular plant in your garden, but thought that it was too difficult, then this book will help you to get started. Even if you have failed to bloom orchids in the past, there are several tips and techniques to help you keep your orchids blooming, no matter your environment or experience, budget and location. The book demystifies the growing process and reveals professional secrets for blooming, repotting and pests. In the second book I I have taken you ahead of the basics and have introduced you to the nuances of taking care of the plant when it is affected by disease or by pests. The process of replanting the baby orchid or keiki has been explained. Reproducing the orchid can be a fun and enjoyable experience that provides immense satisfaction when you see the new plant grow and bloom. This also requires choosing the right medium for potting the plant. All this seems daunting? Well, you do not have to worry as this book will guide you through the process. Loaded with tips to help you take care of your orchids, easy to follow directions, this bundle is a MUST for any orchids lovers. Perfect for beginners as well as orchid hobbyists.
