

## Whither Must I Wander (A Weekly Challenge Short Story Book 6)

Conspiracy theory? What if there isn't one? But there should be... Jake's just an average guy. Or at least he used to be. Sometimes it's impossible to escape the past—and sometimes other people think whatever's happening is brand-new, no matter how old the story truly is. All too often, trying to explain will only make matters worse. And chances are nobody's listening anyway. Which might be exactly what you want... This story is included in the author's *The Challenge: A Story Collection*, published in October 2015. *The Secret* (September 2015), the author's third novel, is a near-future post-apocalyptic supernatural thriller.
