

Loving You: An Atlanta Love Story

Star, Scorpio, Harmony, and Sage are four young people dealing with the trials and tribulations of love in the big city. They each have been through situations that were designed to knock them down, but they are determined to overcome the pain of the past and build bright futures. Scorpio aka Ryan, is just trying to get it for his daughter and survive. The only problem is his daughters mother, Kema. She doesnt know how to accept that their relationship is done and in the past. When Scorpio meets the beautiful young Star, he is smitten, and is willing to trade it all to build a life with her. But will Kema allow that to happen? Sage wants to find someone he can build with, and when he stops looking, she falls right into his lap. Harmony is the best thing that has ever happened to him, but he soon learns that love isnt as simple as he thought. Sage and Scorpio are two young bosses running the streets of Atlanta and dealing with the casualties of life, with Star and Harmony along for the ride. These young couples learn early on that it aint worth it without the people you love holding you down in the end.
