

Small Eternities (The Aldous Lexicon 2)

LIVES AND DEATHS SIXTY YEARS APART - LINKED BY WATER. Alaric and Naia Underwood are male and female versions of the same person. In this book (volume 2 of The Aldous Lexicon Trilogy) they are adjusting to the reversal of fortunes described in volume 1, A Crack in the Line. Alaric's broken world is now Naia's, and Naia is suffering. But there's a third reality, a much earlier one, in which the life of a boy called Aldous is soon to hang in the balance. The third volume of The Aldous Lexicon is called The Underwood Sea. All three titles are available as ebooks. The author welcomes questions or comments about these books, this story. Email him at wordybug@me.com. >>>>>>> The complexity of the storyline is not something that many authors could successfully handle: however, Lawrence has written with a truly cunning hand. (Independent on Sunday, UK) A spine-tingling thriller about parallel worlds. These are brilliant, thought-provoking novels about grief, responsibility and choice. (The Times, London)
