

# Acadia

Five years ago, Kate jumped on every opportunity to come out here. She loved the thrill of staring off the ship's stern, watching the Sun slowly shrink, peering as closely at the white-hot thrusters as she could before Virgil shut off her visor. She loved looking forward at Acadia's magnetic scoop, trying to catch some glimpse of the invisible cone that was funneling the vacuum's stray atoms into its antimatter furnace. In those days, she even grinned at the dizzying challenge of spacewalking on a rotating cylinder. But that was five years ago ... Acadia the latest work of fiction from critically acclaimed author, James Erwin (Rome, Sweet Rome) takes to the far reaches of space to weave a tale of intrigue and suspense among the stars.
