

EAST & WEST TWO OF THE BEST

There are many reasons to download this cookbook on your Kindle. One being that you will always have the cookbook to refer to wherever you and your Kindle are and another is that you will learn and master all the recipes in the book as there are just two - unlike conventional cookbooks loaded with recipes from which we pluck just a few. These two recipes can form the basis of your main daily meal at the end of a busy working day or university, for one person or two or more with the emphasis on cheap, quick and nutritious. No more daily trips to the supermarket or corner store or the expense of take away and fast food and will ease the dilemma of what to eat when you get home in the evening.
