

Assessment and Treatment Activities for Children, Adolescents, and Families: Volume Two: Practitioners Share Their Most Effective Techniques

In this second volume, highly acclaimed author Liana Lowenstein has compiled an impressive collection of techniques from experienced practitioners. Interventions are outlined for engaging, assessing, and treating children of all ages and their families. Activities address a range of issues including expression of feelings, social skills, self-esteem, and termination. A must have for mental health professionals seeking to add creative interventions to their repertoire.
