

Authority (Southern Reach Trilogy, Book 2)

[Read by Bronson pinchot]The bone-chilling, hair-raising second installment of the Southern Reach Trilogy. For thirty years, a secret agency called the Southern Reach has monitored expeditions into Area X - a remote and lush terrain mysteriously sequestered from civilization. After the twelfth expedition, the Southern Reach is in disarray, and John Rodriguez (a.k.a. Control) is the teams newly appointed head. From a series of interrogations, a cache of hidden notes, and more than two hundred hours of profoundly troubling video footage, the secrets of Area X begin to reveal themselves - and what they expose pushes Control to confront disturbing truths about both himself and the agency hes promised to serve.
