

## Bigfoot Casebook updated: Sightings And Encounters from 1818 to 2004

With pictures and stories the Bords present cases of encounters with Bigfoot. The Bigfoot story has moved from certainty of the creatures existence to claims of hoaxes, trickery, and outright lies and back again. Roger Patterson and Bob Gimlin claim to have taken movies of Bigfoot; Ray Wallace s family shows wooden feet that they claim were used to start the whole Bigfoot story in 1958. Who do we believe?The Bords answer is nobody and everybody. The cases are presented without prejudice so you can make up your own mind. Sometimes it s easy, as with the Ray Wallace claims there are plenty of sightings before Ray Wallace was alive to make it clear he didn t start the whole thing. Other cases are a mystery. And that s all part of the fun.
