

Black Out (G Street Chronicles Presents The Lights Series)

BONUS!! Gangsta Girl Series & Silk Included!! After surviving the brutal attack from B-Low and his prison gang, Real was released back into the prisons population with only one thing in his eyes blood. Shonnie, the attractive sergeant, is stuck in an abusive relationship and going to work everyday at the maximum security institution, CSP, was her only solace. She met Real and instantly fell in love with his charm and charisma. Her dream really came true when Reals lengthy appeal was granted and he walked out of the prison gates a free man. Just when Shonnie was looking for the nice calm country life with the man of her dreams, she was thrust into the city where dogs eat dogs and the city dwellers were hungry. She adjusted to her new lifestyle but after one of the mobs made-men gave Real the position of running the familys chain of strip clubs, the outlet they used to clean up their dirty money, things got serious. Real was comfortable in his new position until he was paired up with another of the familys workers who wanted more than just being a helping hand. Sharing the club duties from city to city brought Real and this mysterious woman closer. After seeing the bigger picture, they devised a plan that would ultimately change lives. The glitz and glamour of the city life has permanent effects on a person and after having lived that life, youre never comfortable being normal. The only way to get back to the top...go hard and eliminate anyone in your path.
