

Blizzard of Souls: The Gods End Trilogy: Book Two

The final seal is broken; the end is at hand. Hell has consumed the earth and civilization lies in smoldering ruin. The legions of Death have gathered in preparation of their final strike against the last bastion of humanity on the shores of the Great Salt Lake, where the ragtag group of survivors prepares to take its final stand. But living under the constant threat of extinction takes a heavy toll and dissension rises in the ranks. Its forces suddenly divided, mankind must wage war against itself even as the attack of the Horsemen and their army of the apocalypse commences. Can even the Blizzard of Souls save them from a battle they simply cannot win?
