

## The Good Cooks Book of Salt and Pepper: Achieving Seasoned Delight, with more than 150 recipes

It amazes me that so little has been written about the two foods we eat most often. Here is a book that tells us about these two ingredients one essential to life, the other the flavor of almost everything we eat... . A book like Ms. Jordan's is long overdue. James Peterson's *Salt* is indispensable. Pepper is superfluous. Michelle Anna Jordan guides you through this cookbook where salt and pepper is a one-word dictionary term in her kitchen vocabulary. You'll learn all there is to know about salt and pepper, even so far as to where and how they grow. This exquisite cookbook will go over the necessities of salt, and the luxury of pepper via 135 seasoned recipes. Serve your friends, family, and party guests with delicious recipes and first-hand facts behind the science of one of the culinary world's dynamic duos. *The Good Cooks Book of Salt and Pepper* separates itself from other competitors by offering scientific facts, a healthier exposure to salt and pepper, and some interesting worldwide trivia. Did you know that India produces the leading amount of pepper and that the United States is its largest consumer? Did you know that shrimp and small crustaceans cooked with spices are common throughout Asia and South America? And that salt is an essential ingredient in coaxing out the flavor of nearly all grains? Recipes in this book include: Au poivre rouge steak Three-peppercorn bread Roast pork with black pepper Seafood roasted with rock salt Pepper-crusting pizza with porcini, fontina, and sage Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We've been successful with books on gluten-free cooking, vegetarian and vegan cooking, paleo, raw foods, and more. Our list includes French cooking, Swedish

cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
