

The Wraiths Story: BRIGAND Book One (Volume 1)

DANGEROUS BEAUTY Genetically modified and cybernetically augmented before she even left the womb, Subject 11 was to be one of the Mandate of St. Nicolos most potent tools of statecraft. With her contract bid out to one of the great families of Marajo Lift, she would become a crucial wheel within the many thousands of wheels that formed the Mandates legendary engine of intrigue. But 11 had other plans. This first installment in an exciting new series will take you to a future unlike anything youve ever seen. The world of Brigand is as beautiful as it is cruel - a landscape of sharp edges and sharper characters. Sometimes its funny, sometimes harsh, nearly always sexy, its a world filled with people who play power games that span multiple worlds. And its a world where the life of a scut can be bought for a few ounces of fresh water.
