

BTEC First Health and Social Care: Student Textbook

Provide your students with a strong and distinctive case study approach which will contextualise key issues with the Student Textbook for BTEC First Health and Social Care. The aim of this book is to develop the knowledge and understanding needed for the completion of the BTEC First Health and Social Care course. Each chapter focuses on one BTEC First Health and Social Care unit, which is in turn divided into manageable sections by regular features such as Key terms, Case study and Activities. By the use of realistic case studies, topic-focused spreads and an extensive range of interactive activities, students are given the opportunity to engage with everything they will need to gain a BTEC qualification. Chapters:

- Communication in health and social care
- Individual rights in health and social care
- Individual needs in health and social care
- Ensuring safe environments in health and social care
- Vocational experience in health and social care
- Cultural diversity in health and social care
- Anatomy and physiology for health and social care
- Human lifespan development
- Creative and therapeutic activities in health and social care
- Health and social care services
- The impact of diet on health
