

## Burning Obsession

A sexy, psychological thriller that will have you turning pages in disbelief. When obsession drives you, how can you possibly be expected to control it? Jenni Folgari is one of the lead detectives in the Arson and Explosive crime investigation unit in Melbourne. She loves her job and her partner maybe just a little too much. As Jenni unlocks secrets from her past, she will face a sordid family history while trying to keep her career intact. Her partner, Jason Switzer has always had her back, but his feelings for her could very well blur the professional line hes always sworn to uphold. With a new case to add to their work load, now more than ever they cant afford to make any mistakes. A serial arsonist is on the loose and hes got more in mind than his burning obsession. Walker has always loved the thrill of a good fire, but lately his thoughts have turned to more disturbing fantasies. From state to state Walker is hunted like the animal he is, but can Jenni and Jason catch him before he delivers his show stopping finale too close to home?
