

## Mama Didnt Raise Me

Jamila Tillman did not ask to be here. She did not ask for a selfish mother who cared more about a government check than she did her own daughter. All Jamila wants is to grow up in a loving family environment surrounded by people who truly loved and cared about her but her mother Symone did not care about Jamilas wants. Jamila has the opportunity to receive all the love and care in the world from her uncle Mikel and her grandmother but Symone refuses to let anybody stop her checks from rolling in. Not caring that her daughter is only twelve-years old, Symone devises a plan to destroy any chances her daughter has of happiness. However, Mikel and his mother have instilled the powers of perseverance in the young girl and it is through that power that Jamila succeeds. Author Danielle Grant weaves a powerful tale of one young girls journey from a mistreated child to a successful and productive young woman.
