Think Like Cat: 8 Ways to Understand Cat Behavior Cats are probably the most adorable creatures on this planet. At least that is what cat lovers would say, but there are times when they can get very unpredictable and you would just want to get your way into their minds to think like cat. You want to know what a cat likes and does not like and before that, you would also want to know whether you should get yourself one or not. Cats are probably the most adorable creatures on this planet. At least that is what cat lovers would say, but there are times when they can get very unpredictable and you would just want to get your way into their minds to think like cat. You want to know what a cat likes and does not like and before that, you would also want to know whether you should get yourself one or not. Dont you just love cats? Do you think you know your cat a hundred per cent? Are you doing the right way of taking care of it? The best way to prove that you do is to understand what is going on in their shoes if they have any. You might want to know why they keep moaning their throats out in the middle of the night waking you up, whether that cute furry moving tail means that they are happy or not or why you wake up with ripped curtains the next morning.
