

The Yellow Wall-Paper and Other Writings (Modern Library Classics)

There is no female mind. The brain is not an organ of sex. Might as well speak of a female liver.--Charlotte Perkins Gilman
Charlotte Perkins Gilman (1860-1935), a leading figure in the women's movement of the early twentieth century, is a pillar of the American feminist canon. This edition of her work includes her best-known story, *The Yellow Wall-paper*, a terrifying tale about a woman driven to the brink of insanity by the rest cure she is ordered to follow by her doctor to relieve her postpartum depression. Also included is a wide range of other short stories; an abridged version of her little-known but brilliant utopian novel, *Herland*, about a peaceful all-female world; and selections from her landmark treatise, *Women and Economics*, first published in 1898 to universal acclaim.
