

Fifty Weeks of Green: Romance & Recipes

Laugh, love, and cook along with Sophia Verde in this delicious parody of Fifty Shades of Grey. Still stinging from being laid off, Sophia stumbles into the Bees Knees Farm booth on her way to pick up her friends produce box. She is deeply attracted to farmer Roger Branch, who is earthy, elegant, and curiously private. City-savvy Sophia becomes captivated by the farmers slow, sensual ways. Although, or perhaps because, hes not a power broker like shes used to, she finds herself longing to become part of his dance with nature and the seasons. Along the way, she learns cooking tips and shares over sixty seasonal, plant-powered recipes. Let her help you cut the cholesterol and the cost of your own favorites with core recipes such as Cashew Cream, Flaxseed Eggs, and Good Baking Mix. Discover new favorites too, perhaps Chocolate Sweet-Potato Breakfast Cake, Lenticilicious Sunshine Spread, Sweet-and-Tart Collard Tangle, and Potluck-Pride Peach Cobbler. The index makes finding them easy. Sexy without being explicit and deeply amusing, Fifty Weeks of Green may inspire you to save money, eat scrumptious food, and ignite your inner frisky while making a difference. Readers agree Fifty Weeks is a page turner:From farmer Haruka Oatis: OMG! Steamy!! Youre putting sexy into farming! Its a real page turner and it makes me hungry at the same time with yummy recipes! Bravo! From a sustainable-agriculture advocate Alice Alexander: WOW. I had to read the whole thing, couldnt stop late last night This is light entertaining read, a hoot! but with so much good info woven in, from the benefits of sustainable ag, to using measuring cups from dry to wet youve got it all in there! And its real, while obviously a spoof. How you managed to weave in so many important aspects in an entertaining way well, you are one fabulous educator, and a romance novelist to boot! From
