

## Lazerwarz

When the Lazerwarz arena came to town, Dobie discovered both laser tag and a warrior's soul he never knew he possessed. Then the goddess Morrigan picked him up in her shiny red Corvette, and made him her champion -- and then the fireworks really started. The Foeorian ruler is kidnapping the best Lazerwarz players for an army to conquer Underhill. Special Agent Samantha McDaris uncovers the plan and enlists her brother, the Elven King, in infiltrating the Lazerwarz arenas. She expected to find dark magic, but didn't expect the King himself to be abducted while on recon!
