

Cooking For two: 365 Days of Fast, Easy, Delicious Recipes for Busy Couples

Cooking For Two: 365 Days of Fast, Easy, Delicious Meals For Two Recipes for Busy Couples

One of the most daunting challenges in cooking can be manipulating the serving size that you see on recipes and in cookbooks. The trend seems to be that the serving size states that your meal will feed at least four people, and therefore the amount of ingredients that you are to use has to reflect that. But lets say you are not expecting at least four people at your table; what if, night after night, you are only cooking for two? It can be a nightmare to have to divide and multiply the numbers to make sure that you are adding the proper amount of each ingredient in all of your dishes. Sometimes, you find youve added a little too much, and other times, you find that you are just short of the perfect amount of a particular component. If the above scenario applies to you, then fortunately there is an answer waiting in the wings! This book, which is designed for a full year of cooking, will guide you through the process of cooking for two. It is stocked with varied, delicious recipes that will keep you coming back time and again. Work your way through the book and explore some of your classic favorites, or discover new recipes that you will soon incorporate into your monthly meals!

HERE ARE JUST A FEW OF THE AMAZING RECIPES INSIDE THIS BOOK

- * Egyptian Feta Cheese Omelet Roll
- * Veggie Meatball Soup
