

Eat the Ones You Love (The Thirteen) (Volume 2)

What have I become? Jenny always lives to fight another day. But she's not so sure she wants to. She saved Declan, and he hasn't come back quite right. And after meeting a group who call themselves The Thirteen, Jenny is convinced that she would be better off on her own. But when the group is attacked at her mother's old bunker, Jenny wakes up to find her little undead family in tatters, the newcomers gone, and one of her friends missing. If she wants to find him, she's going to need to talk to someone she'd much rather kill: her mother. In the process, Jenny finds that she has a much larger family than she thought.

Yet nothing is ever as it seems. And on a journey that started with Jenny hopeful that she could save the world, she's more than sure it's going to end in despair. To save the people that she loves, Jenny is going to have to get angry. To save the people she loves, she's going to have to kill. To save the people she loves, she's going to have to die. Again and again and again and again
