

Undaunted (Battle Born Book 6)

General Garin Nox swears he has no time for a female. One by one his brothers and friends have all found their mates, but he has stayed focused on the rebellion, determined to win freedom for the battle born. Then he meets Berlynn Tandori, a feisty canine shifter born on Earth. She defies him, yet attracts him, challenging him at every turn. Hes used to having his orders obeyed without question, but Berlynn isnt one of his men. Shes turning their courtship into a battle of wills, which suits Garin just fine. He thrives on strategy, and someone should have told Berlynn that General Nox has never lost a battle. Note to Readers: This book contains detailed descriptions of sizzling passion only suitable for mature readers. From Cyndi: Battle Born is a spinoff of my Shadow Assassins series. However, its not necessary to have read the earlier books to enjoy these new stories. All of my books blend elements of science-fiction, fantasy, and paranormal romance. The Battle Born books lean a bit more toward sci-fi, but there is still plenty of steamy romance. Enjoy!
