

Fringe Runner (Fringe Series Book 1)

The first book in a new space adventure series, on sale for only 99 cents! An old space captain hounded by arthritis and war memories, Aramis Reyne struggles to make enough credits to feed his crew and keep his ship flying by running mail and supplies to the farthest, most dangerous reaches of the Collective known as the fringe. When he is offered a no-questions-asked contract to pick up a package, he jumps at the opportunity. But, he quickly learns that he should've asked questions...and that there are far worse things in the Collective than being broke. Fans of Firefly, The Expanse, and Guardians of the Galaxy are sure to enjoy this new space opera.
