

Neverwylde (The Rim of the World Book 4)

On a half-world filled with danger and deception, the only thing keeping them sane and safe was their love. They were no longer Terran and Seenebian. They were brothers-in-arms, fighting against a common foe. With all new obstacles to face a new climate, new enemies, and new personal issues for Kelenthe crew has their work cut out for them in this new territory. Already beaten down and broken, their food and water rations dwindling, and constant, non-stop attacks, its only a matter of time before theyre defeated. On Neverwylde, you must learn to adapt. Protect those you love. But most importantly, be careful who, or what, you trust.
