

Sacred Unity : Further Steps to an Ecology of Mind

This collection of Bateson's writings, being re-issued by Hampton Press, further the body of work that appeared in his previous publications. From mind/body relations to family relations, from the nature of art and poetry to the role of metaphor in the biological world, the the nature of change and stability to the nature of the sacred, Bateson explores the natural history of the relationship between explicit, implicit and embodied ideas in the world of living things.
