

Sibleys Common Trees of Eastern North America

Featuring the most well-known 50 tree species in eastern North America, these high-quality, illustrated posters showcase beautifully rendered paintings designed to highlight the intricate details of each tree. For ease of comparison and identification, reproductions of similar tree types from magnolia and birch to oak and ash to maple and elm are grouped together. Using the foothills of the Rocky Mountains as the dividing line for east and west, this informative poster can be used for easy identification of trees found across North America. Printed and packaged using recycled papers, this stunning poster will enhance any tree-lovers wall.
