

## Gods of the Dead (Rising) (Volume 1)

THE WORLD IS A FADED MEMORY  
The Fever took hold of Portland first. They tried to contain it. They built barriers, brought in experts, promised cures. But the day they flew in bombers and burned Portland to the ground, the rest of the world knew: There was no containing it. Soon panic spreads with The Fever, consuming everyone and everything in its path. Humanity is crumbling, the dead are rising, but out of the remnants two men will emerge. Strangers. Loners. Heroes.
