

Cage the Dead

As Gaia arrived to work that fateful day to a zoo full of visitors, including students from a nearby school, strange events began to unfold. After hearing rumors of a deadly virus being released and then news of a terrifying broadcast, she begins to witness both zoo employees and patrons dying and coming back from the dead as flesh-eating zombies. Will Gaia be able to survive the chaotic environment created by both the wild predators and the living dead? Warning: This book contains graphic sexual content, strong language, and violence. It is intended for mature audiences.
