Praise for Map Runners: I found the book funny and exciting. I cant wait for the rest of them to come out. June 4, 2392. Three years into a twenty year mission to a new solar system, the colony ship Magellan and its ten million residents sent their last pulse messagePeace with the Navreen is at an end. Trapped in Cargo Bay 37, fighter pilot Fristion Nash and twelve hundred others lived through the Magellan apocalypse. They have survived for a decade under Frank Blocks exacting leadership.
