

Dreams of Dark and Light

Tanith Lee today is one of the most versatile and respected writers of fantasy, horror, and science fiction, and DREAMS OF DARK AND LIGHT represents a massive mid-career retrospective of her achievements over the previous decade. Here are unforgettable tales of werewolves that prowl chateaux, an Earthwoman in exile on a distant planet, demons that inhabit bodies of the living dead, a race of vampiric creatures who prey upon a cursed castle, and many other works of exotic vision, mythic science fiction, and contemporary horror. Also included are two stories that have received the World Fantasy Award, *Elle est Trois*, (*La Mort*) and *The Gorgon*, making DREAMS OF DARK AND LIGHT a distinguished one volume library of myth-weaving at its most eloquent and evocative.
