

Ends of Empire (Wraith the Oblivion)

Ends of Empire is the stunning Year of the Reckoning conclusion to the epic Wraith: The Oblivion storyline. It contains a four-part adventure that takes characters from the streets of Necropolis: London to the councils of Charon himself. Also included is the complete Guildbook: Mnemoi, plus an in-depth look at Ferrymen, a last glance at the Jade Empire and the conclusion of the continuing Wraith fiction storyline. The events of this book have direct impact on Hunter: The Reckoning, the sixth of the modern Storyteller games.
