

Terminus Shift (Targon Tales - Sethran Book 2)

Seth Kada, a deep-cover agent working for the Commonwealth, has tracked a group of rebels to the remote Tayako Orbiter. But before he can seize them, the rebels are captured by a powerful rival faction and spirited away. Seth manages to re-capture one of the rebels, a subspace navigator named Ciela, and soon realizes that her crews origin and purpose are far more pivotal than anyone could have suspected. Caught up in a violent clash between rebel factions, Seth and Cielas divergent loyalties must be put aside to prevent the destruction of a peaceful civilization - and find her people before their ultimate destiny is realized.
