

The Preserve Season 3.0: The Complete Third Season: First Impressions (Volume 3)

What is the Preserve? What are the Trials? Who are the shadowy figures pulling the strings in the background? In season three our contestants begin to interact with one another. For some its a matter of instant chemistry and for others its less than love at first sight. Jeff and Dawn face down the dead in a town that should not exist. Jillian and Ashley meet Burke and have to reach a consensus on how they deal with the odd man. As Creightons body heals, his mind fractures and he enters the jungle this time on the hunt as opposed to being the hunted. In the trees and fields, Emily and the Hunter square off in a duel which only one can survive. In the hive, the Librarian and Game Master maneuver behind the scenes while the Warrior and the Prince plot and craft their own secret plans. While they plot and plan, Eli locates Jennings in Atlanta with only one goal to make him talk.
