

## Exalted Bastions of the North

Havens from the Cold North of the Realm and beyond the White Sea exist some of the harshest environs in Creation. Bitter cold, savage monsters and barbarian raiders threaten all who dwell in this frozen wasteland, promising only short lives and brutal deaths. Yet, bulwarks of civilization exist even here, offering security and hope to those who dwell within their cities sturdy walls. A Sourcebook for Exalted Details the three great powers of the North?Gethamane, the Haslanti League and Whitewall?along with a mysterious lost city buried under the ice since the First Age. Provides all the information players need to create characters from the frozen North. Gives detailed locales and adventure seeds for Storytellers wishing to run series set in the harsh hinterlands of Creations Northern border.
