

F*ck! Im in My Twenties

F*ck! Everyone has that moment the realization that adulthood has arrived, like a runaway train, and there's no getting out of its way. In an attempt to express the contradictions and anxieties that come with being over-educated, minimally employed, mostly single, and on your own, Emma Koenig turned to the blogosphere. In this collection of her most popular posts from her blog of the same name (along with over 50% new material) Emma harnesses the power of illustrations, graphs, checklists, and flowcharts to explore this twenty-something life.
