

God Forgives, The Streets Dont

Tired of living the life of a convict and petty hustler, Sanchez (Chez) Viles pieces together a crew of vicious and hungry hustlers and wages war against all who have set up shop in his city. No one outside of his crew is safe from the death and destruction that ensues, and it isnt long before the streets bow to his will. On the other side of the city, as Chezs legend flourishes his longtime enemy Manns hatred grows to explosive proportions. Unable to except what he sees as disrespect when one of his partners is murdered by a member of Chezs crew, Mann contacts his cousins in New York and enlists their help in his scheme to avenge his homie and steal Chezs shine in the process. When Supreme and his brothers arrive, the already deadly streets get even hotter. Not even Mann is prepared for the storm that he has begun, and when it is all over Chezs whole world will be turned upside down.
