

FLEDGE (I Am Just Junco Book 2)

Well-trained soldier or genetically engineered monster? Junco Coot can't even remember her trip off Earth; she was too busy being morphed into her new avian body. But reality hits her hard when she wakes up to find her new life is not what she expected. Not even close. Tier is on trial for treason, the avian president wants her dead, her new military team is hostile, her body is being taken over by an illicit AI, and her only friend is a ten-year old throwaway boy. In most places the avian Fledge ritual would be nothing more than mass murder, but here in the capital city of Amelia, it's called growing up. Junco has two choices: fight to the death to prove her worth, or get sent back to Earth in the hands of her enemies. In a foreign culture and surrounded by people she can't trust or count on, Junco must find a way to save herself and Tier without losing her immortal soul in the process.

: Fledge: I Am Just Junco, Book 2 (Audible Audio Fledge has 441 ratings and 64 reviews. Brandi said: This book just made me mad. I tried really hard to get on board and like it but no. It's not for me
