

## For King and Country

FROM THE HEART OF BELFAST COMES A TERRORIST THREAT THAT SPELLS DOOM FOR BRITAIN SINCE AND FUTURE KING ...AND THE REST OF US AS WELL. What SAS Captain Trevor Stirling doesn't know may kill him along with every man, woman, and child alive. Stirling thinks his mission is simple: follow a terrorist into the year AD 500 to stop a Northern Irish fanatic bent on murder. If the terrorist succeeds in killing Artorius, the Briton Lord of Battle and the most revered icon of British history, before his greatest military victory, the time-space continuum will fracture, destroying the British nation. And, coincidentally, the rest of the world. In a tale where no one is ever quite who or what they seem, hidden enemies and unexpected allies play out a drama of 21st-century terrorism against the backdrop of Arthurian Britain at its darkest hour. One man, alone in time, struggling to save an entire universe from extinction, must choose between duty to his mission and the growing conviction that he should forsake everything he holds dear to follow a higher duty to risk it all. At the publishers request, this title is sold without DRM (DRM Rights Management).
