

Foundations of Maternal-Newborn Nursing - Textbook Only

This user-friendly text gives readers the necessary introduction and step-by-step instruction in assessments and interventions that they need for efficient, clinical performance. This book provides step-by-step instruction in assessments and interventions so beginning level users can function quickly in the clinical area. The book carefully integrates the importance of understanding family, culture, client teaching, communication, and critical thinking all into the overall continuum of nursing care. The third edition includes alternative and complementary therapies and evidence-based practice to focus on today's nursing practice.
