

Genesis

Its breaking through...In a nightclub rest room a man mumbles these words and then puts a shotgun in his mouth and pulls the trigger. The only witness, music journalist Nick Finch, watches in horror as he crumples to the ground beside the similarly slain bodies of a woman and a little girl. Nick exits the room fast, but when someone goes in to check out his story the bodies are no longer there. Then things get really strange. Unspeakable nightmares. Hallucinations. Mysterious figures shadowing him. Is Nick losing his mind? Or is someone - or something - planting ideas in his head? And why does that word - GENESIS - keep cropping up? Nick battles to keep a grip on his sanity. But Nick's wildest nightmares, his deepest fears, couldn't begin to prepare him for the horror from the past which is about to engulf him...
