

Girl Punches Out (An Emily Kane Adventure Book 2)

Emily Kane may have come to terms with the team of covert operatives from the Chinese Guoanbu. Unfortunately, these are not the only people hunting her. At least one team of American operatives is after her, too, as she discovers one day during a routine traffic stop. But the worst nightmare comes to pass when North Korean agents kidnap two small children to trade for her. Emily will need to juggle life and death decisions as her hopes of leading the normal social life of a teenager are about to go up in smoke.
