

## Global Masculinities and Manhood

Bringing together an array of interdisciplinary voices, *Global Masculinities and Manhood* examines the concept of masculinity from the perspectives of cultures around the world. Contributors to this volume deconstruct the history and politics of masculinities within the contexts of the cultures from which they have been developed, examining what makes a man who he is within his own culture. Highlighting manifestations of masculinity in countries including Jamaica, Turkey, Peru, Kenya, Australia, and China, scholars from a variety of disciplines grapple with topics including how masculinity is affected by war and conflict, defined in relation to race, ethnicity, and sexuality, and expressed in cultural activities such as sports or the cinema. Contributors are Bryant Keith Alexander, Molefi K. Asante, Murali Balaji, Maurice Hall, Ronald L. Jackson II, Shino Konishi, Nil Mutluer, Mich Nyawalo, Kathleen Glenister Roberts, Margarita Saona, and Kath Woodward.
