

## Run for the Stars

A multiple-award winning authors relentless classic adventure of deceit, flight, terror and destruction. The Kyben demolished Deals World and their armada was heading for Earth. All that stood in their way was a man on Deals World named Benno Tallant, about as lousy a candidate for hero as one could imagine: junkie, looter, coward, betrayer. The retreating Earth forces decide to make him the last man on Deals World. They surgically implant a cataclysmic bomb in his body, turn him loose, and let the Kyben hunt him down. See Benno Run. Run, Benno, Run Like Hell. Harlan Ellison has written or edited more than seventy-five books, over 1,700 stories, essays and articles, and dozens of screenplays and teleplays.
