

Mindbender: A Novel Of The Systems

Raithe looks like a teen but dont be deceived; as a tour guide on Touraine hes expert at meeting your requirements, especially if youre female. His father was a bounty hunter; Hero. His mother is only part Human. But Raithe, hes just a fun-loving, skirt chasing, easy-going ... Mindbender. Ember spots Raithe in the Mary Rose tavern and sees a means to escape her sadistic master. But Marquesa returns from the dead, captures Raithe and forces him to use his unique abilities for interstellar thievery. Ember and the Dahle Feyeth search for Raithe throughout the Systems. With the help of Trik, a reviled and abused telepath doomed by a primitive inquisition, they will battle Marquesa for Raithes life, soul and sanity. The quest challenges their self-perception and personal values and they are not always correct in their beliefs and assumptions. The powerful Dahle are not what they appear to be, and neither is Raithe.
