

Flash Gold (The Flash Gold Chronicles Book 1)

Eighteen-year-old Kali McAlister enters her steam-powered dogless sled in a race, intending to win the thousand-dollar prize and escape remote Moose Hollow forever. The problem? Fortune seekers and airship pirates are after her for the secret to flash gold, her late fathers alchemical masterpiece. With her modified rifle and a pocketful of home-made smoke bombs, Kali wouldnt normally hide from a confrontation, but taking on a whole airship single-handedly is a daunting task. Unfortunately, the other racers wont assist her--theyre too busy scheming ways to sabotage her unorthodox sled. When a sword-slinging stranger shows up, wanting to hire on as her protector, shes sure he has ulterior motives, but hes the only one interested in helping her. The question is...why? An 18,000-word (80 page) novella
