

Ill Be Down For You: A Bay Area Saga

Jazzmina didnt know that while she was in Oakland making a pit stop on her way back from college that her uncle Derrick was laying on the side of the freeway murdered. Derrick DJ Jackson had been ambushed by motorcycle assassins en route to his house. When news of DJs death finds its way to his loved ones, vengeance is on the mind of not just Jazzmina, but DJs right-hand man, Khalil. Khalil and Jazz have always had an attraction to one another, but since they were considered to be family, that line had never been crossed...until now. With the tragic circumstances surrounding DJs, Jazz and Khalil are brought closer together, and the opportunity to act on trapped desires, presents itself. But what happens when another murder occurs and the puzzle begins to become more complex? Jazz, feeling as though the police arent working fast enough, and that Khalil is keeping information close to the chest, she decides to take matters into her own hands. In the process, she not only puts herself in grave danger, but she risks losing the trust of the man that shes loved since she was sixteen. Khalil has his own ideas of who committed the crimes and has his very own plans to avenge, but Jazzs involvement threatens to put a dent in his efforts. When he realizes what shes done will he be forgiving? Or will her actions be the nail in the coffin that kills it all?
