

At Swords Point

Few authors have achieved such renown as World Fantasy Life Achievement honoree and Science Fiction Writers of America Grand Master Andre Norton. With the love of readers and the praise of critics, Nortons books have sold millions of copies worldwide. The House of Norreys has moved to America, and although the players have changed, the game is the same: gems, espionage, and adventure. Young Quinn Anders turns to Lorens van Norreys for help in finding out who killed his brother and why. What did the legendary Bishops Menie have to do with his brothers death? Who had the remaining twelve statues in the set of thirteen medieval knights and their leader, the Bishop-Prince Odacar? With Norreys aid but not his blessing, Anders sets out for the Netherlands on his quest for justice, and from the moment he lands at the airport, he finds himself At Swords Point.
